

# BRING ON THE BIRDIES for ILLINOIS AGRICULTURE in the Classroom<sup>SM</sup>

**Will you help us continue to fully fund this program?**  
Make your commitment on the reverse side!

Help Support Ag Literacy in our schools by donating to a foursome! Simply pledge an amount... \$1, \$2, \$5, or MORE per birdie. At the end of the round we take the team's total number of birdies times your pledge to equal your contribution to Illinois Agriculture in the Classroom.

With your help Illinois Agriculture in the Classroom continues its mission to educate children about agriculture.

## Growing Minds From the Ground Up!

- Nearly **660,000 students** reached with IAITC lessons 
- More than **40,600 teachers** use IAITC materials during the school year 
- Grants for teachers** supply money and books for new ag experiences 
- Over 5,400 volunteers** engage with students and teachers 

**A Message from**  
**Kevin Daugherty, Education Director,**  
**Illinois Agriculture in the Classroom**

*At Illinois Agriculture in the Classroom, we continue to find new and exciting ways to engage students and teachers in the world of agriculture. While we are proud of our accomplishments, there is more work to be done! The funds raised through IAA Foundation events help our local programs grow.*

**Thank you for being a part of this worthwhile effort!**
