The 2009 IAITC Bike Ride took place September 8-10 in the "Country Crossroads of America." Clark, Coles, Cumberland, Douglas, Edgar, Effingham, Jasper, Moultrie & Shelby Counties rolled out the red carpet for 50 cyclists.

Cyclists rode from 40 to 100 miles per day and visited 25 schools. Each school stop featured an assembly to teach students the importance of farming and agriculture each and every day of their lives.

County Farm Bureaus provided bountiful meals and scenic routes. Each evening riders were treated to a wonderful meal and fellowship.
